QUESTION 23 Poor now

Stress genuinely and try to avoid facetiousness at this point. Question 23 (a) explores what the informant understands by feeling "poor". If the word "poor" seems inappropriate use the alternative "very hard up".

QUESTION 24 Poverty

Stress the word "poverty". Do not explain what you think it means if you are asked. Seek from the informant his definition and write it in the box as clearly as you can.

QUESTION 25 Voting

Ask for those old enough to have voted in the last election (March 1965). We are not concerned who they voted for (although they will probably say) but would like to know if they are sufficiently involved to vote at all. Be careful to reassure people that this is confidential and as far as you are concerned non-voting is blameless—many people consider that voting is legally compulsory or morally obligatory and so voting figures are over-estimated. Try to get a clear recollection by fixing the incident (time of day, who they went with) if necessary. Stress **National**, not local elections.

QUESTION 26 Action on poverty

We are interested in what the informant thinks can be done. Give as full an answer as possible.

Please write in any additional notes.

This was an unusual household. Father & Son. Obviously the Father is ill but still struggles about debts this and is very much against retiring, obviously he can't I suppose. The farm is really a cottage & small holding about 20 c. meekings and a field or two. The son is kept free of charge and is in partnership with Father. Father will get pension at 70.50 his wife will get one as well. It is a very shabby home and has been neglected. It has not been decorated for years and the parents sleep downstairs because of Father's arthritis. It was difficult to find out re money and other assets. I honestly don't think they have any for they were not a farm in the recognised way.
