I think some of these firms should make less profit + then things would be cheaper
I don't think there is a chance for the ordinary working people with all these prices going up all the time. I can't say anything else.

Well its not being able to look after your family,
no food, no fuel like you asked. No clothes although
some of them around here are on N.A. they have
cars, I dont know how they manage it.

We have to really scrape + save all year
to take the kids on holiday (Sept) Its not
having enough food & clothes + being behind
with the rent + not being able to pull up.
